We hope the participating students had time to go through the booklet and prepare for the test. More than 60 percent of the questions will be from the booklet and it may be asked in the same format as in the booklet or in different way. Students were advised to also update through the business news from the media and familiarize with recent economic issues, abbreviations and events and names since beyond the booklets the questions will be from current news on economics and business.

The test will be of 90 minute duration and to be held in your college at any time convenient to you. Please ensure that adequate invigilators are provided depending on the number of students in each room. Where the participants are more than 100 we have decided to provide an honorarium of Rs.100 per invigilator on assumption that each room will have about 50 students average. Anyhow please use your discretion depending on the size of the rooms.

Once the students have completed the test please request them to leave the answer papers on the table that can be collected by the invigilator(s).

Please ensure that no student reports later than 15 minutes after the test begins and no student is allowed to leave the exam hall before 30 minutes are over.

We have asked the students to provide their contact addresses/email Ids on the top sheet of the answer paper for our records and also keep them informed of any events of interest to them. There is no need to give their mobile/phone numbers. The email address will not be only for our use. Please arrange to send the top sheets to us for our records. You may like to return the corrected answer sheets to the students.

Once the test is over within a week we will send the answer key. You need to arrange for corrections and we will pay a token honorarium of Rs.5 per paper. The college topper details are to be sent to us along with the top sheets of the answer papers with total marks indicated on the top sheet. Where there are more than 100 students apart from the college topper prize there will be special prizes based on marks less than the topper.

The prize amounts, invigilation and correction of papers amount will be sent in the form of a single cheque payable to the Principal or designated faculty who can disburse the amount. The cheque will be sent as early as possible but not later than two months from the date of test.

We look forward to your continued support to our student related activities and with warm regards

Yours Sincerely,

T. S. Gopal
