REPORT ON WORKSHOP ON SOFTSKILLS – 05.08.2022

As a quality Initiative, few programs have been selected to be organized to the teaching, non-teaching and students in collaboration with all the 15 departments during the academic year. The first program was planned on 05.08.2022 on SOFT SKILLS in association with PG & Research Department of English.

10 Students (UG III year - both shift I&II - EM, TM each 10) from each programme has been given chance to attend the Soft Skill Training. The programme was started with a prayer song followed by welcome address by Dr.D.M.Amala, Head & Associate Professor of PG & Research Department of English.

Dr.V.Ponmari introduced the chief guest Mrs.J.S.Kavitha, Soft Skill Trainer & Assistant Professor of English, Lady Doak College (SF), Madurai. All the 250 students were given hands on training. It was a highly interactive session. The students shared their feedback. Dr.G.Beulah, IQAC Coordinator proposed vote of thanks. The programme has come to an end with National Anthem.

Introduction to MS Office

Microsoft Office (or simply **Office**) is a family of server software, and services developed by Microsoft. It was first announced by Bill Gates on August 1, 1988, in Las Vegas. The first version of Office contained Microsoft Word, Microsoft Excel, and Microsoft PowerPoint. Over the years, Office applications have grown substantially closer with shared features such as a common spell checker, data integration etc. Office is produced in several versions targeted towards different end-users and computing environments. The original, and most widely used version, is the desktop version, available for PCs running the Windows, Linux and Mac OS operating systems. Office Online is a version of the software that runs within a web browser, while Microsoft also maintains Office apps for Android and iOS.

Microsoft Office is a suite of desktop productivity applications that is designed specifically to be used for office or business use. It is a proprietary product of Microsoft Corporation and was first released in 1990. Microsoft Office is available in 35 different languages and is supported by Windows, Mac and most Linux variants. It mainly consists of Word, Excel, PowerPoint, Access, OneNote, Outlook and Publisher applications.

Microsoft Office was primarily created to automate the manual office work with a collection of purpose-built applications.

Each of the applications in Microsoft Office serves as specific knowledge or office domain such as:

1. Microsoft Word: Helps users in creating text documents.
2. Microsoft Excel: Creates simple to complex data/numerical spreadsheets.
3. Microsoft PowerPoint: Stand-alone application for creating professional multimedia presentations.
4. Microsoft Access: Database management application.
5. Microsoft Publisher: Introductory application for creating and publishing marketing materials.
6. Microsoft OneNote: Alternate to a paper notebook, it enables an user to neatly organize their notes.

Besides desktop applications, Microsoft Office is available to use online or from cloud under a lighter (Office Web Apps) and full (Office 365) version. As of 2016, Microsoft Office 2016 is the latest version, available in 4 different variants including Office Home Student 2016, Office Home Business 2016 and Office Professional 2 and the online/cloud Office 365 Home Premium.

Important Features of Ms-Word

Ms-Word not only supports word processing features but also DTP features. Some of the important features of Ms-Word are listed below:

- i) Using word you can create the document and edit them later, as and when required, by adding more text, modifying the existing text, deleting/moving some part of it.
- ii) Changing the size of the margins can reformat complete document or part of text.
- iii) Font size and type of fonts can also be changed. Page numbers and Header and Footer can be included.
- iv) Spelling can be checked and correction can be made automatically in the entire document. Word count and other statistics can be generated.
- v) Text can be formatted in columnar style as we see in the newspaper. Text boxes can be made.
- vi) Tables can be made and included in the text.
- vii) Word also allows the user to mix the graphical pictures with the text. Graphical pictures can either be created in word itself or can be imported from outside like from Clip Art Gallery.
- viii) Word also has the facility of macros. Macros can be either attached to some function/special keys or to a tool bar or to a menu.
- ix) It also provides online help of any option.

Introduction to Ms-Power Point

A PowerPoint presentation is a presentation created using Microsoft PowerPoint software. The presentation is a collection of individual slides that contain information on a topic.

PowerPoint presentations are commonly used in business meetings and for training and educational purposes. Microsoft PowerPoint is a software product used to perform computer-based presentations. There are various circumstances in which a presentation is made: teaching a class, introducing a product to sell, explaining an organizational structure, etc. The preparation and the actual delivery of each are quite different. PowerPoint typically comes with a set of preloaded themes for you to choose from. These can range from simple color changes to complete format layouts with accompanying font text. Themes can be applied through the whole presentation or a single slide. Using the page setup allows you to optimize the presentation for the display size; for instance, you should use a larger screen ratio when displaying on a projector compared to a computer screen.

Features

PowerPoint software features and formatting options include a wizard that walks you through the presentation creation process. Design templates---prepackaged background designs and font styles that will be applied to all slides in a presentation. When viewing a presentation, slide progression can be manual, using the computer mouse or keyboard to progress to the next slide, or slides can be set up to progress after a specified length of time. Slide introductions and transitions can be added to the slides.

Introduction to Ms-Excel

Microsoft Excel is a general-purpose electronic spreadsheet used to organize, calculate, and analyze data. The task you can complete with Excel ranges from preparing a simple family budget, preparing a purchase order, or managing a complex accounting ledger for a medium size business.

Excel Features

There are a number of features that are available in Excel to make your task easier. Some of the main features are:

AutoFormat - lets you to choose many preset table formatting options.

1. **AutoSum** - helps you to add the contents of a cluster of adjacent cells.

2. **List AutoFill** - automatically extends cell formatting when a new item is added to the end of a list.
3. **AutoShapes toolbar**- will allow you to draw a number of geometrical shapes, arrows, flowchart elements, stars and more. With these shapes you can draw your own graphs.
4. **Drag and Drop** - feature will help you to reposition the data and text by simply dragging the data with the help of mouse.
5. **Charts** - features will help you in presenting a graphical representation of your data in the form of Pie, Bar, Line charts and more.
6. **PivotTable** - flips and sums data in seconds and allows you to perform data analysis and generating reports like periodic financial statements, statistical reports, etc. You can also analyse complex data relationships graphically.
7. **Shortcut Menus** - commands that are appropriate to the task that you are doing appear by clicking the right mouse button.

REPORT ON GREEN INITIATIVES IN THE COLLEGE

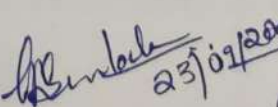

To envisage the importance of natural resources and sustainable environment for future generations, a special programme on "GREEN INITIATIVES IN THE COLLEGE" was organized by Department of Botany in association with IQAC, Sri Meenakshi Government Arts College for Women, on 27.09.2022 at 10.00 AM in RUSA Hall 2.0. The programme was officially inaugurated by the welcome address delivered by Dr.G.Grace Lydial Pushpalatha, Head and Associate Professor, Department of Botany and the felicitation was given by Dr.G.Beulah, IQAC coordinator, Assistant Professor of English followed by introduction of Chief Guest by Dr.M.P.Sivasankari, Assistant Professor of Botany. Prof.D.Winfred Thomas, Former H.O.D of Botany, The American College, Madurai delivered the special lecture sharing many interesting facts and innovative ideas on how to sustain the campus more ecologically sound and clean. Nearly 150 students from 15 different departments, both from humanities and sciences actively participated in the programme.

Based on the creative photographs taken by the students on the various spots in the campus, prizes were awarded by the Chief Guest who took distinctive eco-concern photos of our campus site. Educating the community about eco-friendly options, reuse of things, reduction of automobile use, generation of less waste, tree plantation, effective conservation of rain water, proper use of dust bins, proper food and water usage and maintenance of cleanliness in college hostels were some of the strategies discussed in the programme. As the college campus is placed in riparian environment, participants were also insisted on reforestation plans that need to be implemented to maintain the college campus with pioneer and rare plant communities. The programme came to an end with the vote of thanks given by Dr.G.Mangai Kasthuri, Assistant Professor of Botany.

In conclusion, the programme was a road map for achieving long term sustainability goals and green initiatives to be practiced in the campus. All student participants enthusiastically contributed their ideas on developing nature friendly environment and assured to form volunteer teams for a 100 day programme on "Go Green" strategies to be followed inside the campus towards sustainability.

Assistant Professor, Dept. of Home Science

Organisers: Dept of Home science & IQAC

Date: 14.10.2022; Time: 10.00 am - 01.00 pm; Venue: RUSA 2.0 Hall

No. of participants: 40

Report: The Student Development Program was organized with an objective to initiate entrepreneurial skill among the registered students. Basic tailoring skills will empower the students to practice work from home as a micro level business which can be extended based on their interest. They were trained students in the basics of tailoring using hand stitching and paper cutting techniques. They were also successfully trained to stitch a face mask using paper and cloth cutting in two different patterns. They were also trained to take measurement and do paper cutting for inskirt and some students were able to complete hand stitching of the inskirt. Thus the program was successful in fulfilling the objective of developing basic skills among student's participants.

INTRODUCING Dr.DEVAKI

A pleasant morning to one and all present here. I feel extremely delighted to introduce Dr.N.Devaki, a dedicated teacher, a passionate Educationist and an avid researcher. It's a pleasure and privilege to have you with us today Dr.Devaki.

Madam has obtained a string of degrees starting from BSc Botany in Lady Doak College, Madurai, BEd from Lakshmi College of Education, Gandhigram and MEd from MKU. She has completed two post graduate degrees, one in English and the other one in Psychology. Similarly she has completed two MPhils one in Education and the other in English. She has completed Doctorate in Education from Bharathidasan University, Trichy.

Dr.Devaki has a rich teaching experience of nearly two decades. She is a life member in various national and international professional organizations. Madam has to her credit of publishing numerous research articles in reputed national and international journals. She has also authored several books. She has acted as resource person in numerous refresher courses offered in HRDC. Madam has successfully guided four doctoral candidates. Presently she is an NSS officer, deputy warden and also an executive member of Alumni Cell of GRI.

While browsing through her exhaustive and meticulously prepared bio-data, which ran into several pages, I could sense her passionate dedication in pursuing her research and academic interests. Madam, it's a great honor to have you here, an authority in the field of Educational Psychology and Technology. We are all ears to listen to your lecture, Madam.

Thank You!!

Report on the Faculty Development Programme on "Enhancing Learners' Engagement through Innovative Instructional Strategies" held on 17.10.2022

Type of Program: Faculty Development Programme

Title of the Programme: Enhancing Learners' Engagement through Innovative Instructional Strategies.

REPORT

Department of Chemistry in Association with NCC and IQAC organised a joint programme on 10/02/2023 at 11.00AM in "Gandhi Park" of our collage. The programme was a Green initiative in the campus to create awareness amongst students and tick their interest in planting Saplings around their house and the nearby society and to nurture them until they grow up and become strong.

The Green initiative has started with the slogan, "Each one plant one", with our honorable resource person, Colonel Rakesh Prasad Sir, Officer in Command, 2 (TN) GIRLS BN, MADURAI. He instilled in our students the importance of Oxygen that the plants around us provide for our exsistance and which played a very important part during the Corona period.

To take the programme forward our Principal madam Dr. S. Vanathi, our Commerce department Head Mrs. K. S. Gnaneswari, Chemistry department Head, Dr. K. Vigneswari, IQAC Co-ordinator Dr. G. Beaulah, staff members and students of Chemistry department and other staff members and students of all departments planted around 50 Saplings in the Gandhi Park. Around 150 Saplings were given to us by Madurai Rotract Club for the programme.

The programme was organised by NCC officer Capt. Dr. R. Muthuselvi, in association with IQAC and Chemistry department. Flower pots with minerals was given by Dr. N. Gnanaselvi and Dr. V. Balamurugeswari of English department.

MINUTES OF MOCK NAAC VISIT

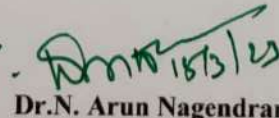

15.03.2023

Sri Meenakshi Government Arts College for Women (Autonomous) is preparing for the re-accreditation (Fourth Cycle) of the institution by National Assessment and Accreditation Council. Internal Quality Assurance Cell organized Mock NAAC Visit on 15.03.2023 for enhancing the planning and preparation for the NAAC Visit scheduled on 28th and 29th March 2023. The Mock NAAC Expert Team constituted Dr.N.Arun Nagendran, Associate Professor of Zoology, Former IQAC Coordinator, Thiagarajar College, Madurai, Prof.Major P.Chandrasekaran, Director (Academic), Sri Sarada College for Women, Tirunelveli and Dr.K.Tamilmani, Head & Associate Professor of English, Nehru Memorial College, Puthanampatti. Additional Controller of Examination reviewed all the activities related to quality assessment, evaluation and publication of results. All the 15 Heads of the Post Graduate departments deliberated on criterion wise academic, extra-curricular pursuits, achievements and future plans for the perusal of the Expert Committee members. Dr.S.Vanathi, Principal, Sri Meenakshi Government Arts College for Women presented opening remarks by celebrating the history and tradition of Madurai and provided an overall view of the institution focusing on the curricular aspects that meet the demands of the job market, contributing to research outlining the growth of the institution for the last 5 years. With the vision and mission to educate and empower women through higher education, and uplifting the first generation learners, the college has been honing life skills in the students promoting employability and instilling inclusive consciousness towards nation building. She also highlighted on the successful implementation of SC /ST,OBC Government Scholarships, and Government schemes such as Moovalur (Puthumaipenn), Naan Mudhalvan and Rusa Training Programmes. In the afternoon, the expert team members visited and verified the documents of 5 departments each in addition to Library. The Mock NAAC Team members congratulated the efforts taken by the institution for re-accreditation and suggested improvisation of style in presentations stressing on info graphic presentations. Reviewing and examining the various activities of the departments, the committee not only appreciated but also recommended improvements in presenting the specific thrust areas and merits of the respective departments and helped the faculty members identify certain gaps and maintain uniformity in presentations. They also guided the departments to showcase the ways in which they address the local, national and global needs. The exit meeting ended with the assurance to work together for the benefit of the stake holders.
